HOME**

Recovering from a stroke, bad fall or recent joint replacement surgery?

## YOUR ROAD TO RECOVERY STARTS HERE!

Fully dedicated to subacute care, our center has successfully returned hundreds of individuals back home.

Heritage Square's acclaimed, outcome-driven rehab program aims to optimize your functionality and restore your independence as quickly as possible.

Our expert therapy team utilizes the latest techniques in our spacious and fully equipped therapy gym, and patients have the opportunity to practice the necessary skills for daily living in our Model Kitchen. To keep you on track once you're back home, we offer post-discharge support and encouragement, as well as outpatient therapy!

**We offer a continuum of care designed to meet your unique medical needs.**

- Post-Operative Care
- 24/7 Skilled Nursing Care
- Physical, Occupational and Speech Therapy up to 6 days a week

## AN ALL-STAR STAFF

We know our success is dependent on the caliber of the people who work here. What sets us apart is the unrivaled longevity of many of our team members, and their unwavering dedication to our residents.

The regular presence of our nurse practitioner assures the delivery of top-notch medical care onsite. In addition, an array of consulting specialists visit our center frequently.

### Bistro-Style Dining

The food that you eat every day has a big impact on your recovery, and overall quality of life. Our Fireside Bistro is a cozy dining area where patients can order from a wide variety of menu selections. Under the auspices of our registered dietitian, we offer a choice of delicious and healthy options to satisfy all tastes and diets.

### Focused Activities

Our daily calendar is filled with exciting and stimulating activities geared towards the individualized interests and needs of our patients. Enjoy a busy social life with musical entertainment, special events, crafts, games and more!
